ACHIEVEMENTS

- Published 3 Apps In **Google Play** Store & Amazon App Store
- Self-Published A Book In Amazon Kindle "**Journey Of Buddha**"
- JNV Student, Qualified For Sainik School Admission.

PROJECTS

SpaceX Lunch Program App   *May2021-Present*

The purpose of this project is to develop the ultimate SpaceX experience in a variety of platforms. A single experience, well optimized and maintained from a single codebase.

- **Launch tracking & details:** detailed list of past & upcoming launches.
- **Notifications support:** be notify before the rocket leaves the launch pad.
- **Vehicle catalogue:** read about all rockets, capsules & ships SpaceX has develop over the years.
- **Ships tracker:** tells position, speed & status of all active ships used by SpaceX..

Weather App   *June2021*

Designed a beautiful Flutter weather application. Entirely written in Dart and Flutter. Application is ready to install in Android and iOS.

- **Current weather:** current temperature, max and min temperature, humidity, pressure, wind
- Current sun/moon position, animated countdown until sunset/sunrise, time of sunset/sunrise
- **Weather forecast for 5 days** (temperature, wind, rain and pressure)
- **Sun/moon animation**
- **Automatically picks user location** (also error handling when location can't be selected!)
- Persist location and weather data in local storage
- **Works offline** (user need to download data before)
- **Automatically refresh** data every 15 minutes

Area of Interest- Build products for millions, Cloud Computing, Data Analysis

TECHNICAL SKILLS

• AWS	• C++	• HTML	• ReactJs
• Google Cloud	• C	• CSS	• Flutter
• Cloud Computing	• JAVA	• JavaScript	• GoLang
• Android Development	• Python	• Linux	• Web Development

EDUCATION

Examination	University	Institute	Year
• Master's(MCA)	BPUT	IMIT	2022
• Graduation(CS)	Utkal University	Angul Govt. Autonomous College	2019
• Intermediate/+2	CBSE	Jawahar Navodaya Vidyalaya	2016
• Matriculation	CBSE	Jawahar Navodaya Vidyalaya	2014

CERTIFICATION

- Android Development: Flutter
- Google Flutter for Mobile Developers
- Amazon Web Services: Data Services
- Cloud Computing: Cloud Security
- Cloud Computing: Cloud Storage
- Cloud Computing: Networking
- Leadership Mindset
- Sales Fundamentals
- Telling Story With Data
- Business Process Improvement and Problem Solving
- Critical Thinking
- Strategic Thinking
